

Plan approach to finding

Triggered by ongoing project management:

- Select or formulate (sub-)research question to be answered
- Ensure needed sub-steps are defined

RDM-Tasks:

- Update DMP

Create or reuse

- Create new artefacts
OR
- Reuse existing artefacts

RDM-Tasks:

→ See Research data level

Finding compilation

- Ensure enough artefacts exist to answer (sub-)research question
- Link artefacts into the finding as an answer to the (sub)research question

Optional:
Start publication process

RDM-Tasks:

- Ensure artefact access to project members
- Update DMP
